

The Platform of the Conservative Party of Panola County.

Resolved, That Radicalism, in all its phases be regarded as the objective point, and that the people, untroubled by other differences, engage in its uncompromising opposition. Hence, we, further, That our candidates for the Legislature are hereby pledged to use every effort in their power to induce the Legislature at the earliest day practicable after their assembly, to pass an Act to refer to a vote of the people of Panola County the question of the removal of the seat of justice from the town of Panola to the town of Sardis.

If you have not already registered come to Sardis on the 2nd, 3rd, and 4th of November and register then.

Salutatory.

It is a point of etiquette that all new-comers into the social, religious and political circle should make their obeisance, acknowledging the honor of the acquaintance, and kind reader, "The Daily Panola Star," unhinges the supple hinges of the knee to you in humble courtesy, and to greet you with a warm welcome to our Annual Fair. We suspect, with some surprise, you will greet us, and will be led to exclaim that the change of location has indeed had a good effect upon the time-honored old news-bearer, "The Weekly Panola Star" to produce so handsome a daily issue. We owe our new honors to our location and to the enterprise and energy of the citizens of this town in building up the Agricultural Society so as to give annual fairs for the benefit of the entire county. We have met the warmest encouragement, with a few exceptions, in our enterprise, for which we are deeply grateful. We have the largest daily ever published as a fair paper in the State, and we challenge competition, in giving to Sardis the largest fair daily paper in the South.

Hoping you dear reader a pleasant time, and kind remembrance of this festive week, we enter upon the duties incident to our position to contribute our share to your enjoyment.

A certain Radical candidate remarked a few days ago, in reference to a charge against his party for unfair dealings and that the charge would be published, "that he did not care if it was published, as his con-

stituents could not read one word of it." Mr. mistaken, there are quite a number of colored men who can read, and the colored people to beware of the tricks played on them by their white through its columns.

MONDAY.

First Day's Proceedings.

A. & M. Fair.

The day opened inauspiciously, the beginning of the week's proceedings, owing to the threatening appearance of the weather, but was a large number of entries in the departments during the day, and at the close of the evening the Secretary reported a larger number of entries in all the departments than had ever been made on the first day of any previous fair. The entries of fine stock was very good.

The departments are by no means full and it is to be hoped that everybody from the country will bring something for exhibition, swell the entries far beyond the previous year. No prizes were awarded yesterday, and the exhibition was the general sale of all the stock on the grounds. There was a very good dance as is usually the case on the first day, as this was the first preparation and the entries for exhibition. The three last days will be full of interest and attendances are expected to be large. The weather will only be a hindrance.

Mason

FIRST NIGHT.

Tuesday, October 31st, 1871.

IN THE

Ballentine & Wall Block.

J. N. STITT, Stage Manager.

The best home talent has been obtained, and will appear this evening before the public.
